31<sup>st</sup> October 2016

Dear Parent/Carer,

As part of Design Technology this year, your child will study a variety of themes with different teachers. They will be using a range of different materials and will produce more than one product throughout the course. All materials are provided by the school during lessons, to enable all pupils to achieve their best.

However, with some components being moderately expensive, it is necessary to ask for a contribution of £5.00 at the start of the year if your child chooses to take their finished products home. This is purely voluntary, and works out less than the material cost to the school.

The products not taken home will have their components recycled back into the Design Department, for use in future projects.

Please make your payment via ParentPay, by the 30<sup>th</sup> of November if possible. Bar coded letters may be requested from Reception for those without email access.

Yours sincerely

*M Norman*
