

Headteacher: Mr J Parr BA Hons

Tuesday, July 16, 2024

Dear Parents and Carers,

Your child(ren)'s 2024-25 teaching groups are available for you to view as a report on Go4Schools, please remember that it is not possible to view reports on the Go4Schools mobile app and you will need to login to the web app to view them.

In the subjects that are taught in ability groups, these groups were decided based on student's performance throughout the year, in particular, the subject examinations that took place throughout the Spring and Summer terms.

To move up a teaching group in these subjects a student would need to out-perform students currently in that teaching group. Being on or above target is not an indicator that a set change is needed. There is of course no ceiling on progress in any teaching group and all students are given an equal opportunity to reach their full potential.

In the subjects that are to be taught in mixed ability groupings, the groups have been created to prepare students for this way of working before they begin their GCSE studies, when they will be taught in mixed ability groups. The table below shows which subjects will be taught in ability or mixed ability groups and an explanation of how these groups will be named can be found in the appendix (Appendix 1 and 2).

Year group from September	Subjects taught in ability groups.	Subjects taught in mixed ability groups

Should you have any questions regarding your child's grade report or Teaching groups please do not hesitate to contact me with general questions or concerns or the Head of Faculty/Department with specific subject grade and Teaching group questions or concerns using their contact details (Appendix 3).

Kind regards,
Mr. Bird
Assistant Headteacher
