### Year 10 Annual Reports and Mock Examinations

Dear Parents and Carers,

The Year 10 annual reports are now available for you to view on Go4Schools. Your child's report contains two grades for each subject they study, their target grade and a currently on track for grade. Where there are gaps between these grades, we have already started putting in place intervention strategies to close them and help students get back on track.

Your child's report should help you, and your child, identify areas of strength and for development in their examination subjects as they prepare for their Year 10 Mock Examinations, which will be held between Monday 20<sup>th</sup> and Thursday 30<sup>th</sup> April. More details of these exams, including the exam timetable, topic lists and tips on how to revise are available on the [school website](#).

We will hold a Revision Revolution assembly with Year 10 closer to the start of the Mock Examinations to recap the three revision techniques students were introduced to last academic year. Further information on all these revision techniques can be found in the [Parent and Carers guide to effective revision](#).

If you have any questions about your child's report, please contact me with general questions or the Head of Faculty/Department with specific subject questions or concerns.
